COBBLE HILL

CHARLESTON SC

FRONT-END WEB DEVELOPER

Description:
We are seeking a motivated front-end web developer to join our team for full-time or project based work.

You:
Candidates must have advanced knowledge of HTML5, CSS3, Javascript, and AJAX. Familiarity with PHP frameworks, object-oriented programming and Wordpress a plus.
Familiarity with mobile development a big plus. Knowledge of SEO best practices, Facebook integration and javascript frameworks a requirement.

Us:
We are an AMAZING digital creative agency based in Downtown Charleston, SC. We offer competitive pay, a fun and dynamic work environment, and the best job you'll ever have.

Email hello@cobblehilldigital.com with examples of previous work and resume if interested.
